28. CAN THE POLICY BE RENEWED WHEN THE PRESENT POLICY EXPIRES?

Yes. You can and to get all Continuity benefits under the Policy, you should renew the Policy before the expiry of the present policy. You should renew Your Policy by paying the Renewal Premium on or before 1st October 2027.

In case of revision including premium or modification or withdrawal of the Policy a notice will be provided to Insured Person, 90 days before such revision or modification or withdrawal.

You can choose to migrate to any of our existing Policy, subject to Regulations of IRDAI (Protection of Policyholders' Interest) Regulations, 2017 and the Guidelines of IRDAI on Portability and Migration of Health Insurance Policies, as amended from time to time.

29. WHAT IS CONTINUITY BENEFIT?

There are certain treatments which are payable only after the Insured Person is continuously covered for a specified period. If an Insured took a Policy in October, 2018, does not renew it on time and takes a Policy only in December 2019, and renewed it on time in December 2020, any claim for Cataract would not become payable, because the Insured Person was not continuously covered for twenty-four months. If, he had renewed the Policy in time in October 2019 and then in October 2020, then he would have been continuously covered for twenty-four months and therefore his claim for Cataract in the Policy beginning from October 2020 would be payable. Therefore, you should always ensure that you pay your renewal Premium before Your Policy expires.
